

CONFIRMATION

No. 30408705E/MXM/08.08.19

In accordance to the ASTM standard method WK26064
(dated September 2014) the gasket type

Deutsche
Akkreditierungsstelle
D-PL-12008-01-00

**SIGRAFLEX MF V20011Z2MF IB
DN40/PN40**

of the gasket manufacturer

**SGL Carbon GmbH
Werner-von-Siemens-Straße 18, D - 86405 Meitingen**

was verified in a blowout safety test with the following test conditions:

test method:	HOBT-1
initial gasket stress:	30 MPa
temperature of exposure:	300 °C
test pressure (absolut):	150 bar
period of leakage measurement:	2 x 15 min

For this material no blowout occurred at a temperature of 300 °C and an initial gasket stress of 30 MPa up to an internal pressure of 150 bar. Therefore the gasket is in compliance with the requirements of ASTM WK26064 for blowout safety.

This confirmation is only valid in combination with the test report 3040875/-.
